

Stephenson Steam Railway Hazard Identification

Updated June 2023

Please note:

- This is **not** a risk assessment. As stated in the Department of Education's 'Safe Keeping' publication, “the group leader should carry out a risk assessment”
- In the case of an emergency please contact a member of staff
- Tyne & Wear Archives & Museums highly recommends that group leaders conduct preliminary visits
- Group leaders should take the behaviour and ability of their group into consideration when compiling a risk assessment
- It is the responsibility of the group leader to monitor the behaviour and safety of their group.
- This Hazard Identification highlights the everyday risks that groups may incur. Please telephone Stephenson Steam Railway, 0191 277 7135 to enquire about possible building work taking place or hazards in temporary exhibitions.
